Translation of a letter sent to the Special Branch, S.M.P. and received at 10 a.m. February 25,1932.

Shanghai, 2 p.m. February 22.

Officer in charge Special Branch.

I beg to inform you that I was originally a member of the Communist Party but now I am no longer connected with it. I left the Communist Party as I realized that its members are simply murderers and incendiaries. They are a group of desperadoes. They endeavoured to deceive the poor and working classes in Shanghai and utilize those students who do not pursue their studies properly for the purpose of furthering their own ends. The Communists have become very active since the September 18th Incident (Japanese occupation of Manchuria) and the recent Shanghai incident. They are planning to create disturbances. I am writing to apply for your permission to be engaged as a secret detective. I am willing to supply you with information concerning the plans of the Communist Party. I wish to bring the following points to your attention :-

1. I will,upon being appointed a secret detective,resume my activities as a member of the Communist Party and obtain for you the details of its organization and plans.
2. After appointment I will hold my original position (?) and live in the same way as I did before. I will not come to the Police Station or work in company with any of your permanent staff openly. I shall keep my mission absolutely secret from outside people.
3. Owing to my heavy expenses, I apply for a monthly salary above $200.00.

Our first meeting should not take place in the Po[illegible] Station. Owing to the approach of the anniversary of th[illegible] International Unemployment Movement (Feb.25), I sugge[illegible]

that our first meeting should take place between 1 and 1.30 p.m. February 24 in front of the Post Office in Soochow Road. (I shall wear a student costume, blue foreign-style trousers. No headgear. If the weather is extremely cold I shall put on a brown overcoat).
